

Attestation In Lieu Of Police Check

We wish to attest to the fact that in the absence of a completed police check at this time (due to processing delays) we acknowledge that no member of household or guest of our home during the time of hosting has, or has ever had, a criminal record in Canada at any time.

Our home is located at:

_____ (Address)

And our contact information is: _____ (Phone Number)
_____ (Email)

Below each member of our household over the age of 18 has signed attesting that each person does not have a criminal record. We understand that for future hosting experiences a full criminal record check will need to be completed.
