FAMILY & LIFESTYLE: Home away from home

NOTICE for students who will reside with a host family

Canada is a multicultural society, where - in accordance with the Canadian Charter of Rights and Freedoms - people of all cultures and ethnicity are welcomed and form an integral part of the culture of each community. Homestay families represent working and middle classes of their community. Families are selected based on their willingness to welcome a student into their home as a member of their family, offering shelter, meals, security, comfort...essentially everything equal to a "home away from home". Our families come from a variety of ethnic backgrounds and domestic configurations - from couples with children, to single parents or even childless couples or single adults Regardless of how a family appears on paper or the size of home, you can be assured that your child will be well cared for in a comfortable and safe home, where English is a language spoken among the family members.

It is MLI Homestay policy to place up to two (2) students per family (3 students in select large urban areas) provided the students are of a different nationality/language group. Each student receives their own private bedroom and may or may not attend the same school. MLI Homestay will advise at time of placement if another student will be in the home, or will advise should a single placement change prior to arrival.

I/we understand this is the outline of the homestay programme, and that we cannot request a host family, or a change of host family, based on racial or cultural background.

Please sign below. Signatures represent understanding and acceptance of this policy.
